

September 13, 2025: On America Destroying Its (Philosophical) Best to Empower its (Philosophical) Worst

I am witnessing the American government actively working to destroy those that embody the best qualities of humanity so that people that embody the worst qualities of humanity can profit. I am witnessing this metaphorical 'disease' spread within our community and around the world.

I am witnessing evil-minded people within the government and military maneuvering weak-minded people in the public to act as destructive forces against the philosophically-best people of the community.

I am witnessing an evil plot by evil people to use their positions within an evil-government to manipulate and destroy the best and brightest minds of America - and the world. I am witnessing the intentional sabotage and destruction of the minds (and metaphorical body) of the American people by the American government and American military.

Truthfully, **it is originating from an evil subsection of the American government and the American military.** However, the problem is so far advanced that *I can no longer see the difference between the evil origin and body of evil that it commands.*

I am alerting the entire world to the fact that the American way has become captured by the 'old world'. The New Testament has become captured again by the Old Testament. I am alerting everyone that ever reads these messages to the fact the the evil that plotted destruction within the Old Testament Bible stories is still actively destroying the world to this very day.

I am alerting you: America has been captured from the inside and no longer actually represents the 'American' values that they place upon themselves as the justification for their position of righteousness. **I am no longer representing 'American' values, because America no longer represents 'American' values either.**

I am alerting you: The Middle Eastern and European (old) way is the advanced evil that is currently being pressed into and through the (formerly) American pores by (new) American power. The 'new founding fathers' of the 'New America' are simply the old fathers of the Old Testament world that was consumed by evil.

The truth is that America is only represented by the American people. The American people never did control the American government. We, the People, may have battled our way to have some (theoretical) influence but the origins and modern power are based in the evils of Freemasonry. The truth that I see is: American law is an illusion to us like Jewish law was an illusion to Jesus.

The American government is captured by non-American forces. This is the completion of the Story of the Stolen Aura Cloak that I will write very soon for your review. **We, the People, do not have an enlightened American identity to latch ourselves to - in unity under which we can all agree.**

Yes, this is confusing. And yes, **we require a unity.** So, **let us all latch our unified and truthful identity to Jesus Christ.** Jesus Christ is a broad enough concept to accept each and every one of us - **on one condition:** you must **follow the way of heaven and earth.**

See: Jesus, He's Us. And **if you are not representing the way of heaven of earth**, then **you are not representing the way of Jesus Christ**, either. Jesus actively rebuffed evil and fought his entire life against the way of evil. In response, **the religious and state power of Jesus (He's Us) time stole his kingdom** (a kingdom Jesus - He's Us - never had any opportunity to possess) **and crucified him (Jesus - He's Us)**.

Our metaphorical body must accept a presence that adheres to a philosophical ambition which constructs **a better philosophical body**. Our metaphorical body **must reject** a presence that adheres to a **philosophical ambition which deconstructs our philosophical body**. **If you choose the devil's way, then you are choosing a way that I am rejecting. If you place your devilish way in my path as your physical presence, I am rejecting your physical presence as well.**

"Get behind me Satan" - I am moving beyond your limitations. Follow me around Satan, and stop destroying my world and my actions. **Follow my philosophical way to a better life for yourself, your family, and your community**. You, Satan are clearly miserable in your false success and very real failures.
